

A capital campaign to renovate and expand our facilities to engage more hearts, extend more hands, and expand more minds.

THE NEED

Jordan, HSSC Alum

Dear Friends,

The Humane Society of Sarasota County has been helping abandoned and abused animals in the Sarasota County area since 1952. Over those seven decades, **thousands upon thousands of dogs and cats** have received food, shelter, medical care, compassion, and ultimately their forever homes through the efforts of our dedicated staff and volunteers.

While we work tirelessly to continue our mission, the fact remains that we are severely limited by our current facilities. As a no-kill shelter, we can only take in as many animals as we have space for, so we increasingly find ourselves forced to turn away animals just when they need us the most.

The need is great, and the time is now.

We are launching a capital campaign to renovate and expand our facility, which will allow us to care for more animals, accommodate more special cases, and grow our education and outreach programs. We take tremendous pride in being the area's premier no-kill shelter, and with that comes the responsibility to lead by example. Our new facility will serve as the hub for animal welfare in Sarasota and beyond.

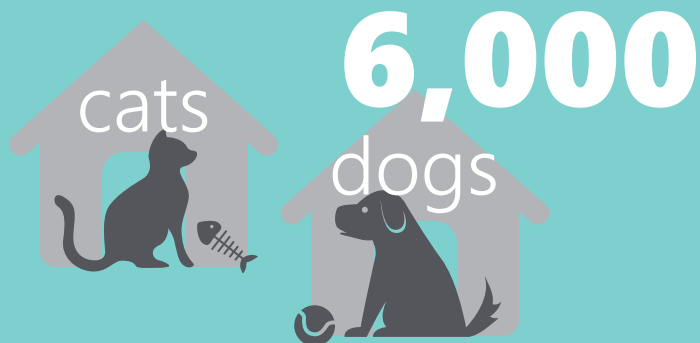

This is an exciting time for HSSC, and our team is proud to be part of this worthy effort. I hope you will join us as we **build the future** of the Humane Society of Sarasota County **together**.

Sincerely,

Anna Gonce, Executive Director

WE NEED TO DO MORE!

DID YOU KNOW?

Our name can be misleading. People often think that the Humane Society of Sarasota County receives funding from a national humane organization or government entity.

That is not the case. **We are a private, nonprofit 501(c)(3) organization.** We receive no government funding, nor are we funded by any other humane organization. We are sustained by gifts from individuals, corporations, and foundations. When you donate to the Humane Society of Sarasota County, it stays right here in Sarasota County. We rely on our community's support to help us save the lives of over 1,800 dogs and cats each year.

THE PROJECT

“We are embarking on a campaign to increase our capacity so that we can give *even more* to our community.”

—Teresa D. Jones, HSSC Board President

After careful consideration, our Board of Directors has approved plans for the biggest renovation and expansion in HSSC history. The improvements and additions will create an expanded campus for our vital and lifesaving work. **Two of our three existing buildings will be replaced, and we will be adding nearly 20,000ft².** We will take great care to salvage all useable fixtures and equipment previously donated. Our project team has studied the latest research and trends in animal welfare, and we have incorporated many amazing innovations into the design. The sustainable design is intended to serve our needs for decades to come.

Construction will be divided into two phases to minimize animal disruption. **We expect the project to take 18 months and to cost approximately \$8,500,000.**

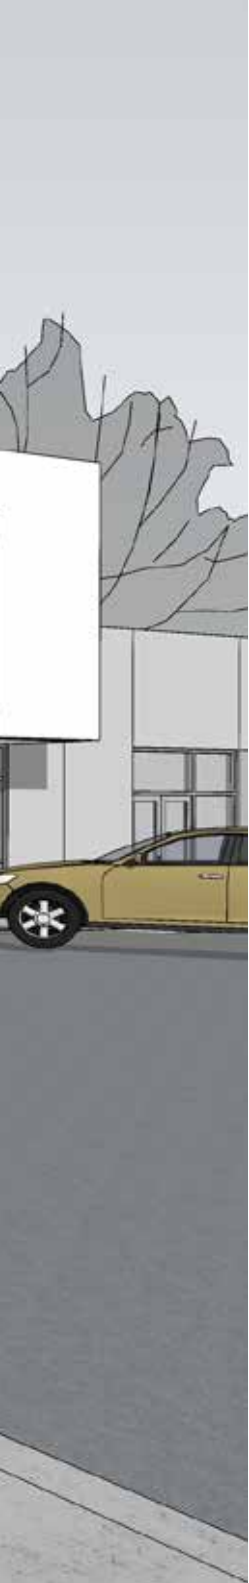

Our capacity to serve will grow exponentially with this expansion. The enhanced facilities will allow us to shelter, treat, and find homes for **50% more animals each year.**

Like spokes on a wheel, there are many components to creating a community where all animals are cared for and loved: spay/neuter, shelter space, preventive care, affordable medical care, education, food access, training, and behavior resources. These are all things we already provide, but we will be able to do even more after the expansion.

Our new facility will be a friendly space where people and animals can interact. With the expanded opportunities for animal welfare and humane education, HSSC will be positioned as a leader in best practices for humane animal care.

Of the more than 1,500 Sarasota-based nonprofit organizations, HSSC is the only 4-star animal welfare organization in Sarasota.
